Z-WAVE EUROPE

WE MAKE LIFE BETTER

Z-WAVE EUROPE

WE MAKE LIFE BETTER

Z-Wave Europe based in Hohenstein-Ernstthal pioneered in importing the first Z-Wave products to Europe as a Value Added Resellers in 2008. Since then Z-Wave Europe has been the leading Value Added Distributor for Z-Wave and Zigbee based wireless home automation controls facing high and steady growth in its business.

Since November 2020, Z-Wave Europe has been cooperating under the brand Aeotec with the Samsung Electronics subsidiary "SmartThings", the industry leader in IoT technology and home connectivity. The open platform brings devices, developers and services together to create one of the largest ecosystems. The Aeotec Smart Home Hub is the first "Works as a SmartThings Hub" that can integrate SmartThings compatible devices via Z-Wave, Zigbee or Wi-Fi.

We make life better. Because we help you to find the right products and services to transform homes, flats and offices into smart homes. In doing so, we support our customers by expediting and simplifying all business processes. Through outstanding logistical and technical support, we increase our success in the market.

KITCHEN

READY TO COOK

How would it be if your kitchen was optimally lightened the moment you entered the room and the radio played your favourite music? Thanks to pre-defined scenarios, sequences of actions can be created with the Aeotec Smart Home Hub. In this case:

WHEN motion detector detects movement,
THEN switch light to 100% and Wall Plug on.

Used for this scenario:

- Aeotec Smart Home Hub
- Aeotec Motion Sensor
- Zigbee light such as Philips Hue
- FIBARO Wall Plug
- Plug-in radio

KITCHEN

RECIPES FOR THE OVEN

Cooking is not everyone's cup of tea. But with Samsung home appliances and the SmartThings App, even the most reluctant cooks can create the most amazing recipes. Simply find your favourite recipe in the "Oven" section of the SmartThings App and send it directly to the oven with just one click. Thanks to the intelligent networking of Samsung household appliances, you can, for example, pre-heat the oven or control the temperature of the fridge via the app. In addition, error messages from the appliances are displayed on your smartphone or tablet.

Used for this scenario:

- Samsung Infinite Oven
- Smartphone or Tablet
