## HOME OFFICE

Did you know that it isn't necessary to push a button to start a scenario? Thanks to the Samsung voice assistant "Bixby", routines can be realised automatically when you place your smartphone on the wireless charging station. For example, you can set up your feel-good atmosphere for the Home Office day. Place your smartphone on the charging station and the blinds open, the light changes from Warm White to Cool White to enhance concentration and the coffee machine in the kitchen switches on. That's how a Home Office day can start, right?

### Used for this scenario:

- Smartphone
- Wireless Charging Station
- Aeotec Smart Home Hub
- FIBARO Roller Shutter 3
- LED Light Band CCT – 2200 to 6500 Kelvin
- FIBARO Wall Plug
